Purchase of rugby boots and Gum shields

If you intend to purchase new rugby boots for the coming season we would ask that you check the type of studs on the boots. Unfortunately sometimes we see slice / cut injuries to other players from boots that have blades so we are asking that you do not purchase these type of boots. Please consider the traditional metal round stud (not plastic) as the boot / stud of choice shown below. There are a selection of rugby boots in the shop for purchase at €10 a pair.

We recommend the use of a mouth guard at all times for training and matches. Mouth guards can be custom made through your dentist or specialist companies or you can purchase a mouth guard in a local sports shop. We also offer mouth guards for sale in the club shop.

Which schools do our players come from?

Bandon rugby Club draws mini and youth players from many different parishes around Bandon. This cross community support is very important to us in the club and helps us grow. Have a look at your school below and see how many players have registered so far this year. We always welcome new players and would encourage you to ask new players to join our club.
